Jl. Tukad Irawadi Gg. XIV No. 2, Panjer, Denpasar Selatan

I am an Information Technology undergraduate with a passion for website programming, specializing in both Front-End and Back-End development. I have extensive experience using HTML, CSS, JavaScript, Bootstrap, the Laravel framework, and MySQL, and I am proficient in basic Python programming. Additionally, I am skilled in WordPress and adept at using builders such as Elementor and Bricks. I am adaptable, a quick learner, and a strong communicator.
